JINGGE WU
PRIMARY EXAMINER

Reasons for Allowance

Applicants' response to the last Office Action, filed June 22, 2004 has been entered and made of record.

The following is an examiner's statement of reasons for allowance:

Independent claims 30, 48, and 55 are allowable over the prior art of record. Claims 18-26, 29, and 31-34, 39, 41-44, 46, and 56-62 depend from claim 30, 48, and 55 respectively, therefore, are allowed.

Independent claim 30 recites the limitations of :a pixel identifier that is trained to colors associated with red-eye to identify red-eye pixels; a filter to receive an indication of the groups of pixels from the pixel grouper and to identify, based on a set of rules, which the groups are to be output of the eye confirmation module as detected regions. The combination of these features as cited in the claims in combination with the other limitations of the claims, are neither disclosed nor suggested by the prior art of record.

Independent claims 48 and 55 recite the limitations of :checking whether flash was used in capturing the image, wherein checking a flash used flag is set in a header corresponding to the image; performing the searching , combining, and classifying only if flash was used in capturing the image. The combination of these features as cited in the claims in combination with the other limitations of the claims, are neither disclosed nor suggested by the prior art of record.

The closest reference of Japanese patent 09-261580 to Hiromichi disclose region detection, pixel identification, pixel grouper, and eye confirmation. The another closest

reference of US 6252574 to Schildkraut et al. discloses searching a set of areas combining the candidate pixels and classifying red-eye pixels. However, they do not teach the limitations of cited above.

In view of the amended claims and the Applicant's arguments, the rejections and objection to claims 18-26, 29-34, 39, 41-44, 46, and 48 are expressly withdrawn.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
